ANOTHER ASTONISHING CURE! Wistar's Balsam of Wild Cherry. ALWAYS TRIUMPHANT! CURE FOLLOWS CURE!! In its onward Victorious Career! \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$

Dear Sir :- As you are the regular authorized agent in Dayton, for the sale of "Da. Wistan's Salaam or Willo Chesay," I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an almost minaculous cura,

wrought in my case by means of the above invaluance Balaam.

Language fails to describe the salutary effects it produced, and the great benefit I derived from its use.

The citizens of Dayton and vicinity, well recollect that on the Sah of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast; and
in all probability, some fragments or splinters of the ramrod passed
through the "phurn," and pierced the Lungs.

After the lapse of about six weeks, I was attacked with a distress-

After the lapse of about six weeks, I was analysed with a surely ing cough and violent pain in my right side. Some ten days after this, when in a pareny m of Conghing, suddenly an wicer broke, and a large quantity of very offensive matter, mixed with blood, was discharged, most of which found passage through the opening of the wound. From this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost intelevable. My physicians, meanwhile, paid the strictest attention to me, and

My physicians, meanwhise, paid the strictest attention to me, and did all in their power for my recovery. But with all their skill, they could not reach the seat of distress, after the Lungs had become affected. I was visited during this time by at least teachy Physicians. It was now reduced to a certainty, that inflammatica of the lungs was rapidly taking place; and that this would terminate my life in a very about time, was in the highest degree probable.

At this critical stage, a messenger was despatched to Cincinnati, and a celebrated Physician of that place was consulted. When he was made accompined with my situation, he remarked that nothing was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution itself was not suffi-cient to throw off the disease.

My friends now despaired of my recovery, and I had no earthly

ground of hope to survive many days. Fortunately at this juncture I naw one of Dn. Wisyan's Panershars, entitled "Family Medical Guide," or "Treatise on Communities of the Lunge." As I had often heard of dying men "catching at straws," I felt like doing so myself. By the consent of my physicians, I sent to you for a boille of the medicine described, viz: "Wistan's Balsam or Wild Cheer," which relieved me almost immediately. After I had used some five or six bottles, I so far recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing and balmy inflance. and powerful medicinal virtues of Wistar's Barsan.

Were it not for the external injury I received in the shoulder and arm by the explosion, I feel confident that I might have been working at my trade (which is blacksmithing,) but this has prevented.
